Executive Session

Chairman Cook called the meeting to executive session for 15 minutes with business to follow. Chairman Cook extended the executive session for 10 more minutes to 6:10 p.m. at 6:10 he extended executive session for another 5 minutes.

At 6:15 Chairman Cook called the meeting back to order. He explained the board considered the McPherson & Jacobson consulting firm for the superintendent search but decided to delay the announcement until April 7th because the board has more questions before they make a final decision. Mr. Cook actually meant they will make the announcement at the next board meeting on April 14th. Mr. Engelhart asked if this is a different search firm than when we did the last superintendent search and Mr. Cook said it was the same firm. Another person asked if it was the same firm Richland is using and Mr. Cook said he thought it was. Mr. Cook asked for any other questions and Mr. Engelhart made a comment that the search committee from McPherson & Jacobson did not seem to do the job because they were asked several questions about upcoming candidates and concerns with several of the candidates from other perspectives, supposedly to get additional calls and found nothing.
