

**Hello my Computer Applications students! I miss you all and hope you and your families are healthy and safe!!**

I am not sure who has access to computers or internet, but I am providing a couple enrichment activities for those of you who do, and want to keep your computer savvy. 😊 For the links below you will need to create an account, which is free! Please use your school email which is your graduation year, first 4 letters of last name, first 2 of first name, and then @kibesd.org. So for example, if I was graduating this year mine would be, [20birdke@kibesd.org](mailto:20birdke@kibesd.org). I have also provided our typing.com website for those of you who have not finished it, and for those of you who have I have provided the Kiona-Benton Typing club for you to login to. Please let me know if you have questions or if you need anything else at [kbird@kibesd.org](mailto:kbird@kibesd.org) or [bird302apps@gmail.com](mailto:bird302apps@gmail.com).

#### **Computer Applications:**

This first course will reinforce what we have learned in Microsoft Word, and possibly teach you things that you haven't through Jasperactive:

This course is an introduction to creating Spreadsheets, so it will be new material for you, except for Computer Apps 2.

This course I just threw in there because it goes over how to Write a Resume, and EVERYONE of you will eventually need to have that skill.
